Own Occupation Definition Of Disability

How your insurance carrier defines disability may be your policy's most crucial feature. With Protector Platinum, you'll receive monthly benefits if, due to disability, you are unable to perform the substantial and material duties of your occupation, even if you earn money doing something else.

Partial Disability With Full Benefits

We believe our new Partial Disability provision is the strongest available today. It pays full benefits for the first six months if you have a loss of time, duties or income. After that, you'll receive a portion of your monthly benefit based on the amount of earnings you have lost.

Compassionate CareSM Benefit Takes Care Of Your Income, While You Take Care Of Your Family

This industry-leading benefit means we'll pay disability benefits, for a period of time, if you have a loss of income while caring for a family member with a serious health condition.
